

ELITE PT &

ELITE NUTRITIONIST

COURSE GUIDE

CHANGE YOUR HEALTH, CAREER & LIFE!

1 WHY CHOOSE US

Finding the best courses to invest in as a personal trainer can be tricky...

Most courses try to "fast-track" your learning, leaving you overwhelmed and unsure how to take your new skills and make a living as a PT.

Well, Clean Health solves that 💪

Founded in 2008 by expert personal trainers and our CEO, Daine McDonald, we're the trusted source of results-based fitness education pathway for personal trainers worldwide.

We began as a PT organisation focused on getting epic results using the science of lifestyle, nutrition, and training and in 2012, we opened our first of several gyms that did over 300,000 coaching sessions over their lifespan.

During that time, we started educating PTs, and now, as an accredited fitness institute, we've certified over 70,000 personal trainers and nutritionists in over 40 countries, including industry experts such as Mark Carroll and Lauren Simpson.

OUR EDUCATORS FEATURE THE BEST IN THE FITNESS INDUSTRY, INCLUDING DR LAYNE NORTON, DR BILL CAMPBELL, HATTIE BOYDLE, SEBASTIAN OREB, DR JACKSON PEOS AND MORE.

We will teach you “what’s working now”, not what “used to work”, like the traditional, cookie-cutter fitness institutes (You know who you are).

So, what are you waiting for?

**STAND ON THE SHOULDERS OF GIANTS.
LEARN WITH CLEAN HEALTH.**

2 COURSE OVERVIEW

The VAST powered by Clean Health Elite PT and Elite Nutritionist program is the most comprehensive initial qualification available, to get you qualified as a fully accredited and insured trainer and nutritionist within Australia, with international insurer recognition to be achieved early 2024.

THE CLEAN HEALTH ELITE PT AND ELITE NUTRITIONIST PROGRAM IS THE MOST ADVANCED PERSONAL TRAINING QUALIFICATION AVAILABLE WORLDWIDE, BAR NONE.

Designed by world-leading fitness experts such as Layne Norton PhD, Sebastian Oreb and our CEO Daine McDonald, it bundles 15 courses together (3 internationally recognised qualifications and 14 industry-leading certifications), which specialise in biomechanics, advanced program design, nutrition fitness business and more.

It was designed for those wanting to become an expert coach, someone with high academic levels in sports science, nutrition, personal training and more, all wrapped together to impact their clients' lives at a grand scale.

The program gives you decades worth of skills to become an expert personal trainer and nutrition coach working out of a gym or online in as little as 6 months.

These laser-sharp focused courses ensure that you receive a complete and comprehensive nutrition and training education, empowering you to work with a diverse range of clients who have different goals – whether it be nurturing a healthier relationship with food, building a little muscle or achieving body composition targets such as fat loss or muscle gain, or enhancing athletic performance.

Whether you have ambitions to become the next go-to coach in person or online, start a side-hustle or simply help yourself and your loved ones live a healthier lifestyle, there is simply no better qualification available on the market today.

NATIONALLY RECOGNISED QUALIFICATION 3 OF 3

SIS40221 CERTIFICATE IV IN FITNESS

KEY LEARNING OUTCOMES

1. Understand exercise principles and how to utilise them to create short and long-term periodised programs for fat loss and hypertrophy.
2. How to coach and mentor clients in a way that optimises compliance and leads to a greater opportunity for them to achieve results.
3. Understand how to properly coach and cue exercise movements to facilitate one-on-one personal training services for general population clients.
4. How to coach strength and conditioning techniques to utilise in a general population environment, including the squat, bench-press, deadlift and more.
5. Understand how to set up your personal training business or relevant career path as a fitness professional.

ADDITIONAL INDUSTRY ENDORSED COURSES

Unit Code	Unit Name
CHPNC11	The Obesity Epidemic
CHPNC12	The Art of Nutrition Coaching
CHPNC13	The Fundamentals of Macronutrients
CHPNC14	Base Nutritional Program Design
CHPNC15	Understanding Popular Nutrition Systems
CHPNC16	The Art of Nutritional Periodisation
CHPNC17	Understanding Micronutrients
CHPNC18	Building your Nutrition Coaching Business

KEY LEARNING OUTCOMES

1. You will learn an evidence-based, step-by-step dietary program design system that can produce results with clients for fat loss, hypertrophy, athletic performance or general wellness safely and effectively.
2. You will learn all about the different nutrition systems. So, whether low carb, high carb, ketogenic, IIFYM, intermittent fasting etc., we break down each to give you the pros and cons and provide you with the latest science.
3. You will learn when or when not to apply different nutrition protocols depending on the client's physiology, goals and overall psychology.
4. You will learn about the periodisation of nutrition, Zigzag, undulating periodisation and how to structure diets over weekly, monthly and quarterly periods to maximise client goals.
5. You will learn to set up an additional income stream or side hustle as a nutrition coach.

Unit Code	Unit Name
CHPPT11	Mastering The Initial Consultation
CHPPT12	Structural Balance Assessment for All Populations
CHPPT13	Corrective Exercise Prescription
CHPPT14	Fundamentals of Program Design
CHPPT15	Exercise Technique Mastery

KEY LEARNING OUTCOMES

1. You will learn how to set your clients up for success from day one with an in-depth consultation and assessment process. This process will identify any mental, physical or lifestyle restrictions that could impede program results.
2. You will learn the fundamentals of behavioural change and how to plan, mentor and teach your clients to optimise compliance and program readiness.
3. You will learn how to prescribe corrective exercises for both prehab and rehab, giving you tools to build customised training programs safely and effectively for clients of all levels, genders and backgrounds.
4. You will learn to master over 100 key strength exercises crucial to developing specific, tailored and results-orientated programs for fat loss, hypertrophy and body re-composition goals.
5. You will learn the core principles of results-based program design for fat loss, hypertrophy, athletic performance and general wellness.

Unit Code	Unit Name
BINC11	Macronutrient Fundamentals
BINC12	Understanding Energy Balance
BINC13	The Science of Fat Loss
BINC14	The Program with Weight Loss
BINC15	The Science of Reverse Dieting
BINC16	The Art of Behaviour Change
BINC17	The Fundamentals of Supplementation

KEY LEARNING OUTCOMES

1. You will learn **evidence-based dietary program design** to produce results with clients for fat loss, hypertrophy, athletic performance or general wellness.
2. You will learn about **the science and physiology of fat loss** and how to optimise body composition using the power of evidence-based nutrition.
3. You will learn the latest **science around different nutrition approaches**, including low-carb, high-carb, isocaloric, ketogenic, IIFYM, intermittent fasting and more.
4. You will learn **when or when not to apply different nutrition protocols** depending on the client's physiology, goals and overall psychology.
5. You will learn about **evidence-based supplementation**, how to prescribe it, and when to use it safely to enhance results with your clients.

INDUSTRY ENDORSED COURSE 4 OF 6

STRENGTH SYSTEM INTERNATIONAL CERTIFICATION LEVEL 1

Unit Code	Unit Name
SSIC11	Structural Balance for Strength Development
SSIC12	Technique Fundamentals for the Key Lifts
SSIC13	Principles of Periodisation for Strength Development
SSIC14	Principles of Recovery for Strength Development

KEY LEARNING OUTCOMES

1. You will learn how to **effectively conduct structural balance assessments** to maximise strength development with gen pop clients and elite athletes.
2. You will learn how to **prescribe prehab and rehabilitation exercises** to reduce the risk of injury and ensure sustained strength progression.
3. You will learn how to **master strength-specific exercise selection**, including the squat, bench press, deadlift and all their variations for maximal client results.
4. You will learn **the principles of periodisation** for athletic performance and strength development and how to apply them to your program design.
5. You will learn **advanced recovery strategies for strength goals**, including how to program for them, client de-loading protocols and much more!

Unit Code	Unit Name
PTBE1	How to Be More Productive as a PT
PTBE2	How to Become a Subject Matter Expert
PTBE3	How to Build a World-Class Fitness Brand
PTBE4	Sales Mastery for Personal Trainers

KEY LEARNING OUTCOMES

1. You'll learn how to set goals, create habits and become more productive as a #fitpro to maximise your return on time investment.
2. You will learn how to “learn more to earn more” through making strategic investments with your time and money to become a niche-dominating expert.
3. You will learn the core marketing fundamentals you must master if you wish to be successful as a PT in person, online or in your fitness studio.
4. You will learn a step-by-step process to improve your close rate when prospecting clients, helping you become an expert in selling your product.
5. You will learn about the systems you need to develop as you scale your business to enhance your career, longevity and profitability.

Unit Code	Unit Name
CH231	How to Set up the Ultimate Diet for Fat Loss with Dr Layne Norton
CH232	The Flexible Dieting Myth with Jackson Peos PhD
CH233	Program Design for Female Transformations with Hattie Boyle
CH234	Building the Ultimate Strength Athlete with Sebastian Oreb
CH235	How to Earn \$10k per month as an Online PT with Brian Mark
CH236	5, 6 and then 7 Figures as an Online Coach with Hattie Boyle
CH237	From Near Dear to Success, the Story of My Last 12 Months with Jackson Peos
CH238	How to Build a 1mil+ Followers organically on Social Media with Cole Da Silva
CH239	How to Get Gen Pop Clients Photoshoot Ready in 12 Weeks with Layne Norton
CH2310	How to Never Work Another Day in Your Life as a Personal Trainer with Daine McDonald

KEY LEARNING OUTCOMES

1. You'll learn the science of nutrition, dietary systems, female transformation and fat loss for gen pop and athletes.
2. You'll learn how to create results-based programs for strength athletes at the amateur and professional levels.
3. You'll learn how to grow a successful online fitness business from scratch using the power of social media.
4. You'll learn how to overcome adversity and turn your life around in 12 months using the power of free will, choice and habits to create your new reality.
5. You'll learn how never to work another day in your life and create a life on your terms that is impactful, fulfilling and profitable.

4 PROGRAM SUPPORT AND EXPERIENCE

The program has no intake or start date, meaning it can be done at your own pace, anywhere and at any time as a self-paced online course.

From the day you sign up, you will get access to our online student community, where you will:

1. Get access to our master coaches, that can assist you through your study
2. Get the ability to join our 3 x per week live tutorials and masterclasses (Not compulsory to finish)
3. Get access to our gym and online coaching partners worldwide, where our team can help you secure employment (or your own start-up business) before you finish!
4. The ability to jump on a 121 phone/zoom call with our mentors if you need it for extra assistance

The program is delivered via interactive online videos, presentation slides, online textbooks and virtual live classes (that are also recorded) so that you can study offline if needed.

All you need to start is a desktop computer or laptop, and you're good to go; it's that simple!

5 INDUSTRY ENDORSED COURSES DURATION

The industry endorsed courses component of this program total approximately 460 hours of course content through online learning, the average completion time for the industry endorsed courses are as follows:

Study Hours Per Week	Approximate Time to Complete
5 Hours	15-18 Months
10 Hours	10-12 Months
15 Hours	9-11 Months
20 Hours	7-9 Months
40 Hours	4-6 Months

Oh, and best of all, you have 24 months to complete this program if life gets in the way and you have difficulty allocating time during periods.

In terms of practical hours, there are approximately 60-70 hours throughout the course, and we can provide you with a list of our preferred partner sites or assist you if needed.

Australian government regulations require your practical hours to become a qualified personal trainer. For our international students, we uphold this because we believe that all PTs need to spend some time in the trenches!

6 THE NUTRITION COUNCIL OF AUSTRALIA

Nutrition Council Australia (NCA) is a collaborative industry association that promotes positive nutritional information and healthy lifestyle practices within Australia. NCA has developed a nationally recognised and accredited 11046NAT – Certificate IV in Nutrition qualification and the associated Scope of Practice and Risk Stratification Screening Tool (international insurer recognition to be achieved early 2024)

NUTRITION
COUNCIL
AUSTRALIA

NATIONALLY
RECOGNISED
NUTRITIONIST
NUTRITION COUNCIL AUSTRALIA

Vast Fitness Academy powered by Clean Health is the current authorised Registered Training Organisation responsible for delivering this qualification.

WHAT INSURANCE DOES A NATIONALLY RECOGNISED NUTRITIONIST REQUIRE?

Nationally Recognised Nutritionist (NRN's) and work directly with clients within the NCA endorsed Scope of Practice, are required to have Professional Indemnity and Public Liability and Products insurance.

A Nutritionist provides advice and counselling in relation to diet, food, and nutrition. Most clients will take on this advice and achieve great results. However, there is always a chance that a client may experience an unforeseen reaction to the advice or misinterpret part of the plan, which could lead to them holding the Nutritionist legally liable and ask for payment for damages.

WHAT INSURANCE PROVIDER DOES THE NUTRITION COUNCIL AUSTRALIA RECOMMEND?

AON is the approved insurance broker for Nutrition Council Australia, and can provide graduates with insurance cover, risk advice and claims support.

THE AON HEALTH COMBINED PROFESSIONAL INDEMNITY AND PUBLIC AND PRODUCTS LIABILITY INSURANCE FOR NUTRITIONISTS INCLUDES:

- Flexible Professional Indemnity cover limits
- Unlimited retroactive date
- Run off cover
- 2 hours complimentary legal advice per policy, annually.

7 YOUR FUTURE JOB POSSIBILITIES

After you're qualified, you can work at gyms, health clubs and spas, fitness studios, cruise liners and other fitness-related businesses worldwide.

Enabling you to have career pathway options where you can earn upwards of 6 figures per annum, including:

1. Personal Trainer
2. Strength Coach
3. Nutrition Coach
4. Online Personal Trainer
5. Personal Training/Gym Manager
6. Group Fitness Instructor
7. Gym Owner

As a globally accredited fitness institute, we have over 1000+ partners across the UAE, North America, the UK, Asia, and Australia. This allows us to provide our student's career pathway options with some of the world's leading gyms, personal training studios and online coaching businesses, as seen below.
